Tires

PARTSFORTRUCKS

OFFROAD RACING

ADMISSION FEE \$6 . UNDER 12 FREE.

MONEY RAISED GOES TO SUPPORT THE NEW MINAS FIRE DEPARTMENT.

SATURDAY OCTOBER 11, 8:00 AM SAND DRAGS AND HILL CLIMB

SUNDAY OCTOBER 12, 8:00 AM SLALOM RACING

This is the final event of the BFGoodrich circuit.

This is always the biggest event, spectators and truck participation (registration). There is no doubt the fans always get their moneys worth when they come to this event. You not only get to watch the usual, sand drags and slalom, but you get 2 extra features. The ladies sand drags and the ever popular hill climb. This event is very exciting to watch when the higher horsepower trucks go up the hill. They have been known to get as much air, going over the top, as high as 5+ feet. Sitting in the crowd, listening to all the fans roar and holler when they see Derek, Darren, Keith and Malcolm, just to mention a few, literally fly over the top of the hill. The hill climb is the last thing to wrap up the day on Saturday.

Get off exit 12 from Highway 101. Go into New Minas. Turn right at the Shell Gas Bar. Stay on this street until you come to the New Minas Fire Department. Turn left here, onto Jones Road. Go to the end of this street, you won't miss us.

Bring a comfortable lawn chair, warm clothing and a blanket. It tends to cool down at about supper time, when the sun goes down behind the trees. Come and settle in for 2 full days of fast action and alot of loud noise.

Why do you think they call it "THUNDER IN THE VALLEY"?

Coldbrook and District Lions Club provide the canteen facilities. See you there.
